PREFACE

The Accreditation Council of Trinidad and Tobago (ACTT) was established by Chapter 39:06 as the principal body in Trinidad and Tobago responsible for the quality assurance of higher education institutions, programmes and awards. In keeping with those responsibilities, ACTT is charged with a mandate to be the gatekeepers for quality assurance in tertiary education in Trinidad and Tobago.

ACTT created its *Compendium of Registered Institutions and Awarding Bodies* in 2010 in response to a need to create greater awareness of what exists in the higher education sector. As a result, the third edition of this *Compendium* will further assist students and other stakeholders in making informed decisions when choosing an institution or programme which best meets their educational and career/professional goals. This publication is a more user friendly compilation of recognised institutions and programmes which have met the standards established by ACTT for Registration, Recognition and Accreditation.

ACTT is committed to improving quality in the higher education sector locally as well as regionally. This *Compendium* will ensure that all stakeholders, including the Government of Trinidad and Tobago, possess current data to make informed choices and obtain maximum returns on their investment in education.

Michael Bradshaw

Executive Director

The Accreditation Council of Trinidad and Tobago (ACTT)

Message from Senator the Honourable Fazal Karim Minister of Tertiary Education and Skills Training

The Government of the Republic of Trinidad and Tobago recognises that the development of our nation's human resource capital is paramount to sustainable development. As such, the Ministry of Tertiary Education and Skills Training (MTEST) has made a commitment to enhance the local tertiary education and technical and vocational education and training (TVET) sectors in our quest to cultivate a more diversified, knowledge intensive economy.

As we position Trinidad and Tobago to respond appropriately to the rapid changes taking place in the global economic environment, the Government endorses the Accreditation Council of Trinidad and Tobago (ACTT) as it strives to “stimulate our knowledge economy by engendering global competitiveness in higher education”. It is through vital agencies such as ACTT that the Ministry has taken cautious and calculated steps to nurture a knowledgeable and dynamic talent pool, qualified to thrive in today's competitive job market.

ACTT continues to demonstrate its leadership in the local higher education arena through a range of initiatives, including the signing of a Memorandum of Understanding with the National Training Agency (NTA), as well as the award of Institutional Accreditation to the Arthur Lok Jack Graduate School of Business (ALJGSB), Cipriani Labour College and Co-operative Studies, College of Science, Technology and Applied Arts of Trinidad and Tobago (COSTAATT), The University of Trinidad and Tobago (UTT) and The University of the West Indies (UWI), St Augustine.

The publication of the third edition of the *Compendium of Registered, Accredited and Recognised Institutions, Awarding Bodies and Programmes 2012-2013* is yet another illustration of this agency's commitment to serving the public and protecting student's interests. This *Compendium* is designed to equip students with the necessary data to make informed decisions regarding their enrolment in higher education programmes. It incorporates all the positive changes that have taken place within the sector over the past year, providing the public with an updated snapshot of the tertiary education landscape.

I am confident that all stakeholders will welcome it as a valuable resource. It is therefore with great pleasure that I commend ACTT for providing this useful service that will aid in merging the post secondary education sector into a seamless and coherent system.

Senator the Honourable Fazal Karim
Minister
Tertiary Education and Skills Training (MTEST)

Chairman's Remarks

This *Compendium* offers to the citizens of Trinidad and Tobago and students from around the world an array of programmes offered at registered and accredited institutions in Trinidad and Tobago. In anticipating future challenges where the composition of jobs and skills will change, students can choose from a range of programmes that align with new drivers of growth in sectors that do not exist today. This *Compendium* reflects the current higher education landscape of Trinidad and Tobago and provides information for those involved in strategic planning for the higher education system.

Students who are currently enrolled in programmes listed in this compendium are assured that these programmes are recognised by the Accreditation Council of Trinidad and Tobago (ACTT). All institutions listed have been registered by ACTT. The Arthur Lok Jack Graduate School of Business (ALJGSB), Cipriani Labour College and Co-operative Studies, College of Science, Technology and Applied Arts of Trinidad and Tobago (COSTAATT), The University of Trinidad and Tobago (UTT) and The University of the West Indies (UWI), St. Augustine, have attained institutional accreditation status. Accreditation is a mark of excellence that earns the institution international recognition and respect in the higher education arena.

As part of ACTT's efforts to assure the quality of post secondary and tertiary level education in Trinidad and Tobago, it is leading the development of a National Qualifications and Credit Framework (NQCF) which would elucidate comparable levels between programmes throughout the education sector. The NQCF will promote a student-centred approach to programme development and allow students to examine the content and teaching modalities (e.g. face-to-face, blended, distance) of programmes to determine their suitability for the workplace. More persons from different backgrounds, with respect to age, gender, culture educational and professional experience will now be able to participate in higher education. The NQCF is of even greater significance given the impact of globalisation and rapidly changing requirements for professional practice, which places greater pressures on post secondary and tertiary level institutions to produce graduates that are readily employable and demonstrate innovative thinking.

In the future, this *Compendium* will provide even greater levels of accountability to stakeholders with respect to the performance of post secondary and tertiary level institutions. Information on student enrolment, graduation rates and whether programmes are GATE approved will be included. The publication of this volume, which is available online, is as a result of many months of intensive and fruitful cooperation among ACTT, led by the Executive Director, Mr. Michael Bradshaw, post secondary and tertiary level institutions and awarding bodies. I thank the Minister of Tertiary Education and Skills Training, Senator the Honourable Fazal Karim, for his continued support of the vision of ACTT.

Dr Michael Dowlath

Chairman

The Accreditation Council of Trinidad and Tobago (ACTT)

GLOSSARY

Accreditation	Accreditation is both a status and a process. Accredited status is bestowed upon an institution or programme that has met the minimum standards of educational quality set by a bona-fide accrediting agency or quality assurance agency such as ACTT. As a process, an institution engages in self study and external peer review.
AMBA - Association of MBAs	A recognised quality assurance agency for postgraduate business education.
Awarding Body	An organisation or consortium that develops content and standards for educational programmes that lead to the award of qualifications in its name. Awarding bodies are not directly involved in the delivery of programmes.
Awarding Institution	A post secondary or tertiary level institution that awards degrees and other qualifications in its own name.
CAAM-HP - Caribbean Accreditation Authority for Education in Medicine and other Health Professions	The legally constituted body by CARICOM for the accreditation of programmes in medicine, dentistry, veterinary studies and other health professions.
Council of Higher Education Accreditation (CHEA)	An association that recognises institutional and specialised accrediting bodies within the United States of America (USA).
EI - Energy Institute	A recognised United Kingdom-based professional body for the accreditation of programmes related to the energy sector.
IOSH - Institute of Safety and Health	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in health and safety management.
IChemE - Institution of Chemical Engineers	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in chemical and process engineering.
IMarEST - The Institute of Marine Engineering, Science and Technology	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in marine engineering.
IOM ³ - The Institute of Materials, Minerals and Mining	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in materials science, geology engineering, mining and associated technologies, and petroleum engineering
IMechE - Institution of Mechanical Engineers	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in mechanical engineering.
IET - The Institution of Engineering and Technology	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in electrical, electronic, manufacturing and information engineering.

Institutional Accreditation	The evaluation of a higher education institution to determine the effectiveness of its systems in consistently achieving internationally accepted quality educational outcomes.
Local Partner Institution	A post secondary or tertiary level institution that collaborates with a foreign institution to offer programmes.
Maritime Provinces Higher Education Commission (MPHEC)	The recognised quality assurance agency for post secondary education in the Maritime Provinces, Canada.
Middle States Commission on Higher Education (MSCHE)	The unit of the Middle States Association of Colleges and Schools that accredits degree-granting colleges and universities in the Middle States region of the United States of America (USA). MSCHE is a member of the Council of Higher Education Accreditation (CHEA).
National Accrediting Commission of Career Arts and Sciences (NACCAS)	A recognised quality assurance agency for institutional accreditation of post secondary schools and departments of cosmetology arts and sciences in the United States of America (USA). NACCAS is a member of the Council of Higher Education Accreditation (CHEA).
North Central Association of Colleges and Schools, Higher Learning Commission (NCA-HLC)	NCA-HLC accredits degree-granting post secondary educational institutions in the north central region of the United States of America (USA). NCA-HLC is a member of the Council of Higher Education Accreditation (CHEA).
Office of Qualifications and Examinations Regulation (Ofqual)	The authorised agency for regulating qualifications, examinations and assessments in England and vocational qualifications in Northern Ireland.
Period of Accreditation	The period during which an institution or programme holds accredited status.
Period of Recognition	The period during which a local institution, awarding body or institution is approved to offer a programme(s) in Trinidad and Tobago.
Quality assurance	The systematic evaluation and monitoring of higher education institutions, programmes and services to ensure that international standards of quality are achieved and maintained.
Quality Assurance Agency for Higher Education (QAA)	QAA is a recognised quality agency for universities and colleges in the United Kingdom.
Recognition	The evaluation and approval of the quality of a foreign institution and its programmes by a recognised quality assurance agency.
Registration	A mandatory quality assurance process that a post secondary or tertiary institution must undergo before it can legally operate in Trinidad and Tobago.
RICS - Royal Institute of Chartered Surveyors	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in fields such as land, property, valuation, geomatics, and surveying.

Satellite Site	A division of a higher education institution which is involved only with the delivery of content of the education programmes and has limited administrative authority.
SRA - Solicitors Regulation Authority	A recognised United Kingdom-based agency responsible for quality assurance of programmes in the field of law.
Specialised Accreditation	The evaluation of a post secondary or tertiary level programme to ensure that it meets the required standards of the respective profession. Such programmes are usually in fields that typically require a licence to practise, for example, engineering, nursing, dentistry, law and teaching.
The Geological Society of London	A recognised United Kingdom-based quality assurance agency for the accreditation of programmes in geosciences.
Training and Skills Commission	A recognised Australian-based agency responsible for providing quality assurance of vocational education and training and higher education.
Transnational Programme	A programme offered by a local partner institution in collaboration with a foreign awarding body/institution. Transnational programmes must undergo an evaluation process to be recognised in Trinidad and Tobago.

INTRODUCTION

Empowered by Chapter 39:06, the Accreditation Council of Trinidad and Tobago (ACTT) was established as the principal body for quality assurance of post secondary and tertiary level institutions, programmes and awards in Trinidad and Tobago. To this end ACTT has developed a number of quality assurance services including: Conferment of Institutional Title, Registration of Post Secondary and Tertiary Level Institutions, Institutional Accreditation, Specialised Programme Accreditation, Recognition of Transnational Programmes, Recognition of Foreign and Local Awarding Bodies/Institutions and Programme Approval.

The laws of Trinidad and Tobago require all post secondary and tertiary level institutions operating in Trinidad and Tobago to be registered by ACTT. Registration means that an institution has been evaluated and has met ACTT's requirements for the delivery of higher education programmes locally. Once an institution has been registered it becomes eligible for other services provided by ACTT.

Accreditation is available to registered institutions that develop their own programmes, award qualifications in their name and have graduated students beyond the Associate degree level. Whilst it is mandatory for all post secondary and tertiary institutions to be registered, accreditation is a voluntary quality assurance process. Institutions undergoing accreditation are evaluated against criteria established by ACTT, which are comparable to international standards in higher education. It is important to note that the accreditation process is normally completed over a period of several years.

Foreign programmes offered through collaborative arrangements with registered local institutions (referred to as transnational programmes) must be quality assured by ACTT. In reviewing these programmes, ACTT ensures that academic standards are maintained, are comparable to programmes in the country of origin and are relevant to the needs of Trinidad and Tobago.

This publication is a compilation of institutions, awarding bodies and programmes that have undergone ACTT's quality assurance processes and are registered, accredited or recognised. This publication also provides information on specialised programme accreditation. It must be noted that accreditation, registration and recognition are valid for a limited period and may expire, be renewed, withdrawn or revoked. Users of this *Compendium* are advised that the information contained herein is based on data available as at December 5, 2012. Regular updates to the online version will be made available as the status of institutions and programmes changes.
