

PUBLIC NOTICE:

Recognition of the Grenada Medical and Dental Council (GMDC)

In September 2022, The Accreditation Council of Trinidad and Tobago (ACTT) granted full recognition status to Grenada Medical and Dental Council (GMDC) as a quality assurance body for medical and dental programmes in Grenada. This is to be consistent with the recognition status granted by the World Federation for Medical Education (WFME) for the maximum period of ten (10) years up to September 2032.

ACTT congratulates the GMDC on this achievement and we look forward to continuing our professional working relationship.
