Event Details

Date Thursday, November 05, 2020

Time 8.30 am – 1.00 pm

Theme 'The Future of Online Learning Quality: Best Practices in Artificial Intelligence and Competency-Based Credentialing'

Platform GoToWebinar

Meeting Protocols

- It is recommended that you log in via the GoToWebinar invitation link at least 15 minutes before the start of the conference to test your connection and audio settings.
- No audio or video recording of the meeting is allowed.
- The use of your camera is not required for the duration of the meeting.
- Hold all questions until the Question and Answer (Q&A) segments. During the Q&A segments, submit your question using the question feature. One question per person per Q&A segment will be allowed.
- Only questions related to the topic being addressed will be answered.
- Participants are advised to avoid double- or triple-barreled questions. Your questions should be concise.
- Kindly note that we may not be able to address all questions in the conference; as such, all other questions may be sent to conference2020@actt.org.tt and a response will be given as soon as possible.
- Minimise distractions by turning off notifications from messaging applications, ringtones and applications running in the background of your device.
- If you require technical assistance on the day of the event, please use the chat feature to send a message to the organiser.
- You will receive the meeting link when you have registered. Please note that the link should not be shared with others.
- Recordings of the presentations from the conference will be placed on ACTT's website.
